Vegetable Universal Pills. THE startling drawback on nearly all Medicinal James Isbel, Agents has ever been that in their process of purgation Austin Blackand purification they have also debilitated the system.

Hence Purgative Medicines have always been regarded as at best but a necessary evil, Patients resorting to them for the relief of one disease at the expense of another. To obviate this Physicians have long sought for an agent that would at the same time purge, purify and strengthen, but their efforts were nearly fruitless, and they had almost despaired of success when the labours of science, and research were rewarded by a discovery which fully realized the fondest desires of the Medical Faculty, and which is justly regarded as one of the most important triumphs that Pharmacy has ever achieved. This im- Beg leave to inform Dealers in Dry Goods, that they have Universal Pills, which purify the blood, and remove all corrupt, and vitiated humors, and unhealthy accumulations from the body in a manner never belove rivalled, and which yet produce no weakness or lassitude whatever, but on the contrary tone the Stemach, and invigorate the constitution during the progress of their operations! Dr. Le Roy's Pills, in fact unite those heretofore irreconcilable, but most desirable qualities, Evacuation and Invigoration, for they are at the same time a strengthening purgative, and a purifying tonic.
The two principal ingredients in Dr. Le Roy's Pills are Wild Cherry and Sarsaparilla, so prepared that each promotes the beneficial effect of the other, the former strengthening, while the latter, through its union with various vegetable ingredients, evacuates, and puri-fies; that they superinduce ne torpidity or lassitude of the Digestive Functions, and hence their operations are attended by no Reaction or subsequent Costiveness. Dr. Le Roy's Pills are the most active and searching Medicine in existence. They at once att Diseases, and their action is so prompt, that in an hour or two after they are taken, the patient is aware of their

good effects. They not only operate on the blood, but on the chyle, of which the blood is formed, and this secures good blood from the fountain head, moreover they produce neither nausea, griping or debility, and as a family Medicine they have no rival. Price 25 cents per box, with full directions.
